THROUGH: EXO/OSO  
C II/OPCSUBJECT: CIA Participation in Foreign Service  
Institute Training

1. The Foreign Service Institute of State Department has requested TRD to present a short indoctrination course in connection with their Basic Officer Training program.

2. Since 1947 TRD has presented similar courses twice a year. CIA has thus been afforded an opportunity to increase the understanding of its mission by State Department officers destined for positions related to intelligence matters. These courses were originally approved by the Director of CIG and were continued after 1948 with the approval of the Director of CIA. Under the coordination of TRD, speakers have included OSO and OPC division and staff members in addition to TRD staff.

3. Prior to each course the members of the Foreign Service Institute class are cleared by CIA Security Control Staff name check.

4. The most recent course was delivered from 2 through 5 January 1951 following oral approval by Mr. , Executive Assistant to the Director, on 2 January 1951.

5. The Foreign Service Institute has advised TRD that their accelerated training program makes it desirable that the next course commence on or about 5 March 1951.

6. Approval is requested to accede to their request. The proposed schedule is attached.
